

REMARKS

This paper is responsive to any paper(s) indicated above, and is responsive in any other manner indicated below.

PENDING CLAIMS

Claims 1-19 were pending, under consideration and subjected to examination in the Office Action. Appropriate claims have been amended, canceled and/or added (without prejudice or disclaimer) in order to adjust a clarity and/or focus of Applicant's claimed invention. That is, such changes are unrelated to any prior art or scope adjustment and are simply refocused claims in which Applicant is present interested. At entry of this paper, Claims 1 and 3-19 will be pending for further consideration and examination in the application.

35 USC '102 REJECTION - OBSOLETE VIA CLAIM CANCELLATION

The 35 USC '102 rejection of claim 2 is respectfully traversed, but the present cancellation of such claims (without prejudice or disclaimer) to obtain a patent (without prejudice or disclaimer) on ones of the allowable claims as quickly as possible, has rendered such rejection(s) obsolete, and thus gratuitous traversal arguments concerning the rejection(s) are omitted for brevity. Further discussions/arguments concerning such rejection(s) are left for the future if/when appropriate. Based upon the following, reconsideration and withdrawal of such rejection(s) are respectfully requested.

The above statements, or any present cancellation of claims (without prejudice or disclaimer), should not be taken as an indication or admission that the

rejection was valid, or as a disclaimer of any scope or subject matter, but is merely use of a procedural approach to obtain a patent (without prejudice or disclaimer) on ones of the allowable claims as quickly as possible.

ALLOWED CLAIMS

Claims 1, 3-9, 11 and 13-19 have been allowed in the application, as indicated within the "Allowable Subject Matter" section on page 2 of the Office Action. Applicant and the undersigned respectfully thank the Examiner for such indication of allowable subject matter.

REWRITTEN ALLOWABLE CLAIM(S)

Claims 10 and 12 have been indicated as being allowable if rewritten into independent form. While such claims previously depended from claim 2, claims 10 and 12 have instead been rewritten to incorporate the limitations of allowed independent claim 1 as antecedents required by claims 10 and 12 were present within claim 1 (and not independent claim 2). Such shifting change is believed not to affect an allowability of rewritten claims 10 and 12. Reconsideration and renewal of the allowance are respectfully requested. Applicant and the undersigned respectfully thank the Examiner for such indication of allowable subject matter.

ALL CLAIMS IN CONDITION FOR ALLOWANCE

In view of the fact that all prior art rejected claims have now been canceled without prejudice or disclaimer, and in view of the fact that all remaining claims have either been already allowed and/or rewritten into independent form to be allowable,

it is respectfully submitted that all presently pending claims are now in condition for allowance. A Notice of Allowance with respect to the present application is respectfully requested.

EXAMINER INVITED TO TELEPHONE

The Examiner is herein invited to telephone the undersigned attorneys at the local Washington, D.C. area telephone number of 703/312-6600 for discussing any Examiner's Amendments or other suggested actions for accelerating prosecution and moving the present application to allowance.

RESERVATION OF RIGHTS

It is respectfully submitted that any and all claim amendments and/or cancellations submitted within this paper and throughout prosecution of the present application are without prejudice or disclaimer. That is, any above statements, or any present amendment or cancellation of claims (all made without prejudice or disclaimer), should not be taken as an indication or admission that any objection/rejection was valid, or as a disclaimer of any scope or subject matter. Applicant respectfully reserves all rights to file subsequent related application(s) (including reissue applications) directed to any/all previously claimed limitations/features which have been subsequently amended or cancelled, or to any/all limitations/features not yet claimed, i.e., Applicant continues (indefinitely) to maintain no intention or desire to dedicate or surrender any limitations/features of subject matter of the present application to the public.

CONCLUSION

In view of the foregoing amendments and remarks, Applicant respectfully submits that the claims listed above as presently being under consideration in the application are now in condition for allowance.

To the extent necessary, Applicant petitions for an extension of time under 37 CFR 1.136. Authorization is herein given to charge any shortage in the fees, including extension of time fees and excess claim fees, to Deposit Account No. 01-2135 (Case No. 501.43771X00) and please credit any excess fees to such deposit account.

Based upon all of the foregoing, allowance of all presently-pending claims is respectfully requested.

Respectfully submitted,
